Competition Format and Rules

Formato y reglas de la competencia / Format et règles de compétition

As of SAT 17 SEP 2018

Youth Olympic Competition Format

The nine Judo events at the Summer Youth Olympic Games Buenos Aires 2018 consist of four men's and four women's individual events and one mixed team event:

Women	Men	Mixed Team
-44 kg	-55 kg	Team (4 men and 4 women)
-52 kg	-66 kg	
-63 kg	-81 kg	
-78 kg	-100 kg	

Individual events

The individual competition will be run in accordance with the elimination system with full repechage, where all participants have the opportunity to compete at least twice. Judoka will be divided into two tables (pools), A and B, by means of a draw, and then into two groups (sub-pools) within each table: A1, A2, B1 and B2. The elimination system will be used to produce two finalists.

All judoka defeated after each round of competition will take part in the repechage of their respective table according to the elimination system. The winner of each repechage will compete against the loser of the final of the opposite table for the two bronze medals. The winners of table A and table B will compete for the gold and silver medals.

Mixed Team event

Teams are composed of eight judoka (four men and four women) from different continents. The team competition will be run in a direct elimination format without repechage. The losers of the semifinals will both be awarded bronze medals. The winners of the semifinals will compete for the gold and silver medals. The four teams losing the Quarterfinals are classified equal 5th.

Contest Duration

The duration of the contests will be four minutes (actual time) for men and for women in accordance with the IJF Sport & Organisation Rules (SOR) and Refereeing Rules.

Weigh-in

The weigh-in for the competition will be conducted at the Youth Olympic Village under the supervision of officials appointed by the IJF. The official weigh-in for each weight category will take place the day before the respective competitions. Each competitor will be allowed only one weight control during the official weigh-in.

Competitors must weigh within the limits of the appropriate category and no tolerance will be allowed either above or below the weight category.

Differences between the IJF Cadets World Championships and the Summer Youth Olympic Games

The IJF Cadets World Championships are open for participation with no qualification required.

Changes since the Summer Youth Olympic Games Nanjing 2014

The weigh-in has been changed to be held the day before the weight category. Yuko and Waza-ari-awasete-ippon have been removed. The number of Shidos has changed from four to a maximum of three.

Sport Rules and Procedures

Competition Method

The Judo competition will be held in accordance with the IJF Sport & Organisation Rules (SOR) and Refereeing Rules.

Tie Break Rules (Hantei) and Procedures

Individual events

When both judoka have no technical score, or the technical scores are equal, at the end of the regular contest time, the contest shall continue in "Golden Score" regardless of any Shidos given

During the "Golden Score" the refereeing (judoka) scoreboard will retain the complete data from the initial contest, with the exception of the contest duration

Golden score can only be won by a technical score (waza-ari or ippon) or hansoku-make (direct or by accumulative shido). If direct hansoku-make is given, the consequences are the same as those in regular time.

Team

If the number of wins for two teams is equal at the end of the match, a draw is done from all categories regardless if the team has a judoka or not (if both teams do not have a judoka in the same category, this category will be not included in draw). The judoka in the drawn category will compete in a Decision Contest.

Penalties / Disqualification Rules

The prohibited acts are divided into:

- Slight infringements will receive a penalty of shido.
- Grave infringements will receive a penalty hansoku-make.

During the contest there will be two shido, and the third will be hansoku-make (two warnings and then disqualification). Shido do not give a score to the other contestant, only technical scores can give points.

For technical and tactical faults that do not affect the integrity of the contestants and are not against the spirit of Judo, the judoka will receive a shido penalty. The repetitions of technical and tactical faults, which are penalised with shido, are cumulative and a maximum of three can be given. This means that after a third shido the contest will be stopped and the opponent will be declared the winner by ippon.

There are several circumstances which result in disqualification (hansoku-make). When an athlete receives a hansoku-make they may or may not be allowed to continue in the competition if applicable:

1. In the case of hansoku-make resulting from progressive penalties, the contestant penalised with three shido is allowed to continue in the competition.
2. In the case of direct hansoku-make for protection of the judoka (diving head first onto the mat, the judoka is allowed to continue in the competition.
3. In the case of direct hansoku-make for acts against the spirit of judo the judoka may not continue in the competition. In this case a sanction may be added.

For details please refer to the IJF Sport and Organisation Rules (SOR) and Refereeing Rules.

Winning Technique

In order to provide information on which technique was used while winning the contest, the IJF uses various codes (140 of them) that are listed together with the contest score in the Contest Result reports and Contest List. These codes are mostly used by statisticians. The full list of codes is available on the IJF website.

Protests / Appeals

No protests against the Referees' decision will be accepted.
